TOP TIPS FOR RELAXATION

Take a walk, going at your own pace. Even if just for a few minutes, you will feel the benefits.

Gardening is an easy way to recharge your batteries, there's a lot to be said for a good dose of fresh air!

Get creative! Sewing, drawing and baking are all great ways to relax your mind.

Catch up with friends and family. Whether you meet up in person or just pick up the phone for half an hour, sometimes all we need is a good chinwag with our loved ones!
